

VILLAGE ON THE GREEN HOMEOWNER'S ASSOCIATION

URGENT UPDATES

Please be advised that we are using our website to keep all homeowners informed on meetings and projects in our community. We are asking everyone that have requests for any repairs (Sprinklers, fences, lawn or anything that needs the attention of the association) to use the website.

There are tabs at the top of the site. One is labeled MAINTENACE REQUESTS When you click that tab, please fill in all fields and the one that has Type of Service: has a DROP-DOWN menu to pick type of service you are requesting. Please make sure you hit SEND MESSAGE when you finish filling out form.

The site can be reached at:

www.villageonthegreenhoa.net

The site will also be used to list all upcoming board meetings and workshops. Please look at the middle of the homepage for a link to: **Upcoming Board Meetings and VIEW DETAILS.**

Another TAB at top of page is called **CURRENT PROJECTS** Here you will find information and important dates as we move our street project forward or any future projects. We will show dates and all homes that will be affected for the upcoming project on a daily or weekly basis as needed.

**** TV INTERNET SPECTRUM SERVICE ****

Effective January 1, 2022 VOG Homeowners will have INTERNET included as part of our TV services. A week before or sooner from 1/1/2022, Spectrum will be sending out a postcard describing the services to all homeowners. For everyone that currently has Spectrum standard internet service, nothing has to be done. Your last bill directly from Spectrum for standard internet should be ONLY through 12/31/21. For the few homeowners that currently do not have internet, Spectrum will inform you how to get ALL FREE equipment to get wireless internet to use on your computers and smartphones in your home. Below are some numbers to call AFTER the start date. (Another tab – URGENT NEWS will be used to update this information on the website)
